

# Five Angels Application Rules

---

We feel it is very important to make our application process as simple and transparent as possible. Therefore, please carefully read our **five** application rules before you fill out any of our forms. Should you not be able to answer the questions below adequately, then sadly we are not able to assist you. Please do not hesitate to contact us via [info@stichtingangels.nl](mailto:info@stichtingangels.nl) should you have any further questions regarding these rules.

## I. When can we help?

Stichting Angels aims to improve the living conditions of children all over the world. Should you represent a project helping children then we might be able to support you financially. Please continue reading our rules below.

## II. How can we help?

We can help you with funding. Currently the Angels can help you with a donation of up to € 2000,- or its equivalent in any other currency. An application asking for an amount higher than this, will not be evaluated.

## III. How can you apply?

To get a clear picture of what you exactly need, you are required to fill out two forms which will be used to evaluate if you are eligible to receive Angels' funding. Please be as specific as you can when filling out the following two forms:

- **Angels Application Form** - required for us to get a clear idea on who you are and how your project benefits the welfare of children.
- **Angels Excel Sheet** - required for us to get a clear idea on what your project-need.

An application can only be evaluated when both forms are filled out. Should you have any problems with the download-formats of the above mentioned forms, please let us know via [info@stichtingangels.nl](mailto:info@stichtingangels.nl).

We are more than happy to assist you with completing your application in any way possible.

#### **IV. How do we come to a decision?**

Your application forms will be evaluated by our Angels Selection Committee which is the only organ that can decide on whether you will receive funding. Each application should be accepted by a majority of our Committee (a minimum of 3 members) for the Angels to accept your application.

It could well be that your application has raised questions with our Committee, therefore it obtains the right to qualify your application as pending until its' questions are answered. In such a case, we will reach out to you via the contact information you have provided to us in the application form.

Our decision will be communicated to you in writing and will be archived. Should we accept your application, it is not permitted to apply for any funding again within the same calendar year.

#### **V. What do we want in return for our donation?**

As you can imagine, transparency is of the highest value to our organization. Not only do we want to keep track of how our donation has helped you, we also have the obligation of sharing your progress with all our partners and donors. In return for our donation, we therefore ask you to provide us with:

- **A minimum of two (2) exhibits of written evidence that you received our donation and have used it for the purpose stated in the application form** - bank receipts, (pro-forma) invoices, financial statements and/or any other form of written confirmation that you have incurred our funds as described in the application form.
- **One (1) Angels Report** - This eye witness report of one the children you are helping can be shared with Angels donors via our website. More information on the format of this report can be found [here](#).
- **A minimum of five (5) pictures of your project and/or the funded objects** - These pictures can be shared with Angels donors via our website. More information on the purpose of these pictures can be found [here](#).
